Attn: Chirag Thakkar

Dear Creative Websoft,

I would like to inform you on how pleased we are with BidGenius and your outstanding support. Sordoni Construction Services, Inc. ("SCS") has tried numerous fax & email applications in the past but they all failed to perform as advertised which then resulted in an increase in TCO. Our Bid Genius users easily learned the software and it has become a popular tool throughout the office. So popular in fact that shortly after our initial purchase, we needed additional licenses (which you quickly assisted us with).

BidGenius has many excellent features such as Auto generated ITB and Bid Requests, Fax or Email facility for Sending Bid Documents to Subcontractors, Bid Room for Uploading plans and specs for our subs, Bid Calendar, Check for missing trades, Selection of Sub Contractor by city, trade or zip code and many more.

Creative Websoft was able to answer all of our questions and provide support in such a fashion that is unseen today. Emails and phone calls were answered immediately! I cannot say enough on how professional your customer service is.

SCS no longer wonders if subcontractors have received our invitation to bids or if they received them at all. Using various reports, SCS is able to view the status of each transmission. Similar tasks would take hours with other applications but only a ¼ of that time with BidGenius. BidGenius has improved our estimating department's efficiency and functionality and thereby increasing bidder responses. BidGenius has made a positive impact to our company's bottom line.

Thank you Creative Websoft.

Sincerely yours,

Edward J. Conway, Jr.
Vice President and Chief Financial Officer
